

Project of the Week

December 20, 2010

Washington Federal

By [JOURNAL STAFF](#)

Washington Federal has reopened its renovated branch bank at 116 Kirkland Ave. in Kirkland.

The new image is reflected in new colors, finishes, furnishings, casework, lighting and signage. Interior spaces have been reconfigured and an elevator was added.

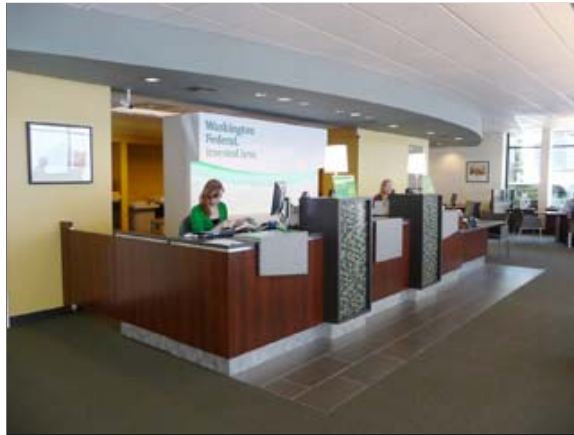

A panelized aluminum fascia was fitted over the concrete roof. Porcelain tile and stucco replaced the previous wall finishes.

Construction was finished within the nine-month schedule.

Owner: Washington Federal, Seattle

Architect, interior designer: EHS Design, Seattle

General contractor: Baker Construction and Development, Spokane
